

Product Change Notification

RF266PC1 End of Life Notification

Issue Date: August 29, 2019

Effective Date: August 29, 2019

Devices

Part Number	Description
RF266PC1	RF Engine Through-hole, ATmega128RFA1, 2.4Ghz, Xbee Footprint

Description of Changes

The RF module listed above has been transitioned to End of Life and will no longer be offered for sale. See below for last time buy and last time delivery information.

Reason for Change

Demand for this module has dropped off to the point where no new builds have been done for several years and inventory on hand has aged to the point in no longer complies with many distributor and customer freshness standards.

Last Time Buy

These products must be purchased by September 30, 2019. Orders will only be accepted as non-cancellable, non-returnable (NCNR) and may require a customer waver if compliance with freshness standards is required. Limited supplies available.

Last Time Delivery

These products must be delivered by September 30, 2019.

Recommended Alternative Product(s)

Synapse does not produce another module that is footprint or AT command compatible with the RF266 but does produce a family of through-hole and surface-mount modules based on the Synapse SNAP operating system and associated development environment. Similar alternatives to the RF266 include:

RF220UF1 – RF Engine Through-hole, ATmega128RFA1, 2.4Ghz, U.FL and F-antenna
RF220SU - RF Engine Through-hole, ATmega128RFA1, 2.4Ghz, RPSMA antenna
