

PRODUCT CHANGE NOTIFICATION UPDATE

ISSUE DATE:	October 23, 2017
NOTIFICATION:	SYNPCN-2017-10-23
TITLE:	Update to SN132 SNAPstick
EFFECTIVE DATE:	October 23, 2017
DEVICE(S):	SN132HO-NR

The SN132 SNAPstick has been updated to the new black/blue look and improved to better support our RF220UF1 and RF220SU modules. The new module still fully supports older SNAP modules.

REASON FOR CHANGE:

The new SN132 is being updated to the new black/blue look and improved to support our newer RF modules. Changes include:

- RGB LED and blue LED to match the SN220-001
- Black soldermask and blue silkscreen
- FTDI USB device to match the SN220-001

After depleting existing inventory of the SN132HO-NR in Q4'17, all orders will be switched to the new part number, SN132-001.
